AMEND

Revenue Bill to Deny Mails to Nations Molesting U. S. Posts

AIMED AT GREAT BRITAIN

Another Amendment Gives President Right to Withhold Clearance to Vessels Discriminating Against American Shippers—May Enact Bill Before Adjournment Tonight

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 5.—Drastic amendments to the revenue bill, striking at the allied blacklist and British interference with American mails, were adopted today by the senate and created consternation among the diplomatic representatives of the allies.

In all quarters it was declared that the enactment of the amendments into law would constitute nothing less than a non-intercourse act, preliminary to a commercial warfare with possibilities of reaching rare consequences.

The allies technically have nothing to protest about, but there are assurances that representations will be made if the amendments stay in the bill.

Inasmuch as the government has decided a course of legislation to meet the restraints upon commerce which diplomatic correspondence has been unable to remove, it is generally expected the amendments will be put through.

The administration leaders who have intimate connection with the government's foreign policy made no attempt to stay the adoption.

And amendment to the revenue bill, authorizing the president during a war in which the United States is not engaged to withhold clearance from all vessels which discriminate against American shippers; to withhold privileges from ships of such nations as withhold privileges accorded to other nations from American ships, and to use the army and navy, if necessary, to prevent departure of offending vessels from United States ports, was made today by the senate.

And amendment of Senator Phelan of California was adopted authorizing the president by proclamation to deny the use of the mails, express, telegraph, wireless or cable facilities to citizens of nations which do not accord to Americans all facilities of commerce "including the unhampered traffic in the mails."

This amendment it was declared, was aimed particularly at British interference with American mails.

The Chamberlain amendment prohibiting admission of harbor and salmon into the United States except when in bond from an American port also was adopted. The amendment is directed against Canadian fisheries in the Pacific and to urge development of American fisheries there.

Cong. Ashbrook Watches the Pension Legislation

Washington, D. C., Sept. 5.—Representative Ashbrook of Ohio is almost sleeping with the United States senate as the senate draws to a close. He is bent on securing the passage of the widows' pension bill, of which he is author. "I am absolutely confident the bill will pass before Congress adjourns," he said. Ashbrook is using his persuasive influence to the limit in trying to induce Southern senators to permit the bill to become a law at this session. It passed the house several months ago. A number of senators from Northern states are anxious the bill shall become a law before adjournment.

BELGIAN DROPS ROSES FOR FOE KILLED IN AIR

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 5, via London.—Prof. Siebert, several years ago an exchange professor in the United States was killed, recently in an aerial action over the western front. The following day the Belgian victor dropped a bouquet of roses for the funeral with the inscription: "Belgian aviator's homage to a foe defeated in aerial battle."

FASTED 30 DAYS; OCULIST UNABLE TO EAT; MAY DIE

(ASSOCIATED PRESS TELEGRAM)
Youngstown, Sept. 5.—Dr. H. G. Huffman, oculist, who tried to cure himself of heart disease by fasting and was unable to resume eating at the end of 30 foodless days, became unconscious at a hospital here today where he was brought last week. He is believed dying. Huffman has now been without food for 68 days.

ANOTHER "ZEP" DAMAGED

London, Sept. 5.—That another Zeppelin airship was badly damaged in the raid on the English southern counties Saturday night in addition to the one destroyed was indicated in an official statement given out this afternoon by the government press bureau. It said: "An important part of an enemy airship was picked up in the eastern counties. The ship undoubtedly suffered severe damage from gun-fire."

SECOND REGT. IS OFF FOR BORDER: SIXTH TOMORROW

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 5.—The second regiment, Ohio national guard, Col. J. Guy Deming of Ada, commanding, today left Camp Willis for the Mexican border. The Sixth regiment, under command of Colonel Lloyd W. Howard of Toledo, will leave tomorrow. General William V. McMaken of Toledo, commandant at Camp Willis, and commanding officer of the First brigade will leave with the Sixth tomorrow.

CAR OVER BANK; WOMAN KILLED TWO ARE HURT

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Sept. 5.—The Camargo pike at the fork of a private road called the Demtar road about a mile east of Madsenville was the scene of a fatal automobile accident early today. One woman was killed and a man and woman seriously injured. The car skidded and went over a ten-foot embankment and turned turtle.

WHEAT ADVANCES WHEN BIG FIRMS PLUNGE HEAVILY

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 5.—Heavy buying on the part of some of the largest house on the "change" forced the value of wheat sharply higher today. In some cases the advance amounted to 6 1/2 cents a bushel. Although the settlement of the railway strike was partly responsible attention chiefly centered on a statement by a leading expert that the condition of the domestic spring crop at harvest was the lowest ever known.

LAW NOT BROKEN BY BOXERS AT CEDAR POINT

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 5.—Adjutant-General Hough who witnessed the Kilbane-Chaney boxing bout at Cedar Point yesterday as a representative of Governor Willis, returned to Columbus today and declared he believed the bout to have been legal.

BRITISH CAPTURE DEFENSES AROUND FAIRMONT FARM

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 5.—British troops in battles last night in the region of the river Somme in France increased their gains in the neighborhood of Guillemont, says the British official statement issued this afternoon.

The British forces pushed forward to 1500 yards east of Guillemont village and secured a hold on Leuze wood.

Further, a strong German system of defense on a front of 3000 feet around Fairmont farm was captured.

The official announcement says that the fighting on the Somme since Sept. 3 has resulted in the capture by the British of the whole of the remaining German second line of defenses on the battle front from Mouquet farm to the point where the British line joins the French.

COURT CALLS UPON "FRIENDS" TO LEARN WHERE MONEY WENT

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 5.—Alleged "friends" of Edward W. Morrison, the aged millionaire whose affairs are in bankruptcy court, asked possible indictment today, when the case was again taken up before Federal Judge Landis.

These "friends" are said to have obtained large amounts of money from Morrison under various guises. Judge Landis has ordered all witnesses to appear in court and summoned a special federal grand jury.

Most of the day's proceedings are expected to hinge on a \$50,000 check made payable to James R. Ward, attorney for Morrison.

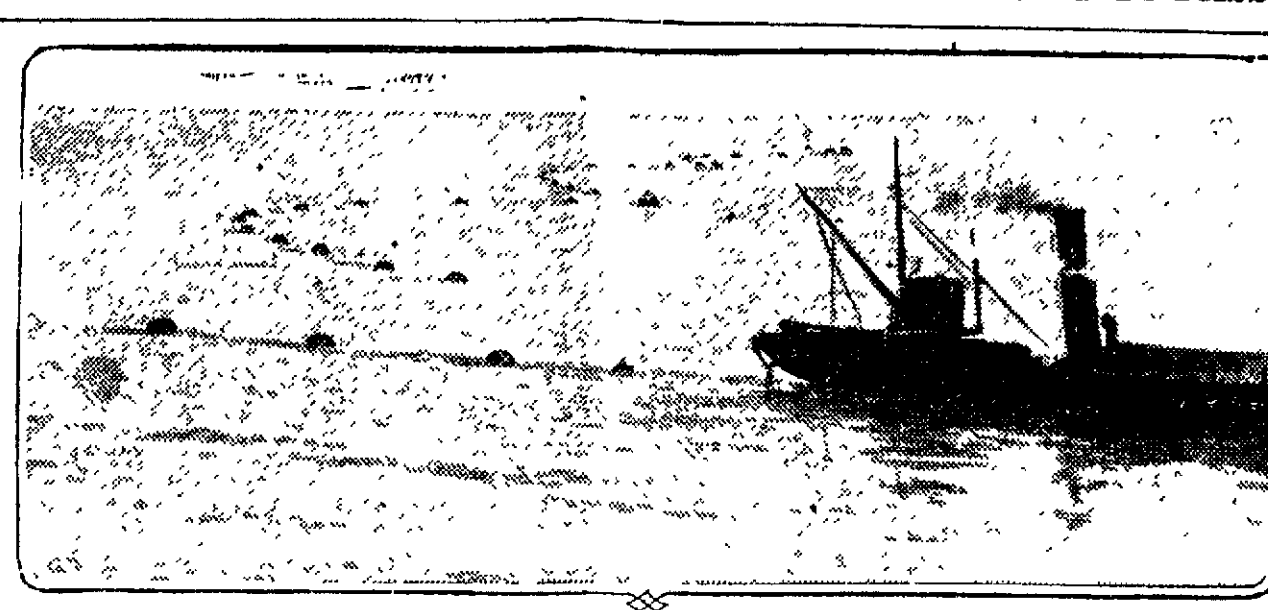

JOINT COMMISSION OFF TO NEW LONDON FOR FIRST CONFERENCE

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 5.—The Mexican and American joint commission which will undertake to settle international difficulties left today on the presidential yacht Mayflower for New London, Conn. There the first conference will be held tomorrow.

QUIET IN MACEDONIA

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 5.—Comparative quiet still prevails on the Macedonian front, the official French report of today says. There were no infantry engagements yesterday although the artillery was fairly active and various enterprises were undertaken by patrols.

BRITISH TRAWLER OPENS SUBMARINE NET FOR SHIP TO PASS

This remarkable photograph, the first of its kind to reach this country, shows a British trawler opening the steel meshes which guard Kirkwall Harbor from submarines and torpedoes, to permit a ship bound for New York to leave. The photograph was made by a woman passenger on the ship, whose camera escaped the notice of the harbor officials.

RUMANIANS

Advance 48 Miles in First Five Days of Campaign in Hungary

FORT TAKEN BY SURPRISE

Marching Hosts Compelled to Move Slowly Because of Difficulty in Bringing Up Foods and Supplies—Austrians Had No Time to Blow Up Bridges and Tunnels

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 5.—The advance of the Rumanian troops in the first five days of their campaign was considerable, and at some points was as much as 80 kilometres (about 48 miles), says a dispatch from Urgent under date of Saturday to the Petit Parisien. The forward march, however, now has been somewhat slackened because of the difficulty of sending revictualing convoys. Although the ground on the eastern Hungarian frontier was unfavorable for the Rumanians, the correspondent said, they were successful in their dash across the river and now occupy the valleys.

Rumania's declaration of war, the dispatch adds, was so unexpected by Austria that only a few troops of the dual monarchy were on the Rumanian frontier and these were not on guard when hostilities were declared. Half an hour before was declared, Hungarian officers were drinking with Rumanians at a frontier railroad station. Soon afterward a Rumanian outpost entered the station, took the officers as prisoners and then captured quantities of materials. The Rumanian offensive was so sudden that the Austrians had no time to blow up bridges nor tunnels.

WILL ELIMINATE WORD "OBEY" FROM MARRIAGE RITUAL

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 5.—The commission of seven bishops, seven pastors and seven laymen of the Protestant Episcopal church, appointed to revise the ritual of the church has determined to eliminate the word "obey" from the marriage ceremony, it was learned here today.

The commission will report to the general convention of the church at St. Louis, Oct. 1.

Radical changes are proposed in the ten commandments, the burial and baptismal services and in arrangements of various prayers. The tenth commandment, as an example, will be shortened to "Thou shalt not covet anything that is thy neighbor's," if the commission's report is adopted.

FRENCH CAPTURE MANY VILLAGES FROM GERMANS

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 5.—The capture of Soyecourt and Chilly by the French yesterday makes a total of 29 villages taken since the start of the offensive on the Somme front. The positions wrested from the Germans yesterday were powerfully organized.

At Barleux, one of the strongest positions on this front, repeated direct attacks were unsuccessful and the French finally resorted to a turning movement, attacking to the southwest. The Germans counter-attacked no less than six times yesterday in a desperate effort to regain lost ground.

UNREASONABLE ARE ORE RATES FROM THE LAKES

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 5.—Rates on ore from lower lake Erie points to Ohio, Kentucky, West Virginia and western Pennsylvania were pronounced generally unreasonable today by the interstate commerce commission. Carriers were directed to make separate charges for dock, storage and switching services.

LABOR

Enjoys Its Annual Holiday With Fine Program at Fair Grounds

JOHN O'NEIL WAS SPEAKER

Music By Augmented Band Was Feature of Afternoon's Program—Crowd Was Orderly and the Splendid Weather Aided in Making Big Celebration a Success

The weather man worked in conjunction with the committee having the Labor Day celebration in charge yesterday and the result was a splendid outpouring of the friends of organized labor at Moundbuilders park, where the exercises of the day were held.

The big parade formed as advertised on First, Second and Third streets with the right of each division resting on Church street. It moved west in Church street to Third, around the square and west in Main street. It was headed by Grand Marshal Ted Devlin and his two aides, Kenneth Jones and H. F. Bassett, who rode spirited horses. The Buckeye Band of 18 pieces was the first musical organization in the procession and the splendid music of this organization was one of the features of the parade.

The Trades and Labor Assembly had the honored position in this division followed by the Metal Trades Council and the Builders Trade Council. Other organizations in the division were the Green Glass Workers, Teamsters, Tailors, Carpenters, Stationary Engineers and ice wagon drivers. The glass workers carried a mammoth American flag in this division.

The second division under the direction of Joe Zack as marshal and Irwin Conn and A. J. Bingham as aides, had as its musical organization the Cornish Union Band. This band proved that uniforms were not necessary to good music. The Cornish boys made a decided hit not only in the parade but at Moundbuilders park in the afternoon. The band was followed by Molders Union No. 152, which as usual, had the largest representation in the parade. More than 225 members of this union, attired in white suits and hats, marched in real military style and were frequently applauded along the line of march. Other organizations in the second division were Electrical Workers, Sheet Metal Workers, Painters, Flint Glass Workers, Plumbers and Retail Clerks.

Oscar Brown was in charge of the third division and was aided by Messrs. Schiffer and Larson. The Buckeye Band No. 2, with 18 musicians, was followed by the Machinists, Stogie Makers, Barbers, Bartenders and Molders Union No. 267.

The fourth division was made up of floats and merchants trucks and automobile dealers. The Royal Neighbors had a beautiful float of white and purple and the W. C. T. U. had a float decorated entirely in white. Both these floats were occupied by women dressed in white. A feature of the parade was the large number of auto dealers represented. Streets along the line of march were crowded though the fact that the big parade moved through West Main street to the fair grounds had a tendency to scatter the crowd more than in former years. The downtown streets were not so heavily congested during the hours of the parade.

The marchers reached the fair grounds shortly after 11 o'clock and immediately prepared the big picnic dinner which was to precede the afternoon program contests and the address of the day.

Not in years has the weather been so favorable for a Labor Day celebration. The morning was cool and the water fair and the labor organizations profited by it and enjoyed the day to the utmost. The crowd at the park was orderly and each seemed bent on having a good time. The big picnic dinner featured

COAL DEALERS WIN LONG FIGHT AGAINST HOCKING

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 5.—More than forty Ohio coal dealers who five years ago began a fight against what they alleged were excessive rates charged by the Hocking Valley railroad for shipments from the Hocking field and way points to Toledo, today had prospects of getting rebates totalling \$7,000.

The public utilities commission ordered the railroad to refund \$75.78 to J. E. McElfresh of Delaware, one of the dealers who fought the rates. It was also ordered that he receive interest on this amount at six per cent. from December 5, 1911, the date of the old public service commission's order to reduce the rates from seventy-five cents to seventy cents a ton.

The railroads continued to charge the increased rate pending the appeal to the supreme court. The order of the commission was finally affirmed by the court.

ANDERSON NOT SERIOUSLY HURT; HELPER MAY DIE

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Sept. 5.—Gil Anderson of Indianapolis whose racing car went into a fence at the Sharonville speedway yesterday was pronounced in a serious but not necessarily dangerous condition early today. Anderson sustained a broken leg and multiple bruises, but the examination made this morning displayed no internal injury symptoms.

Bert Shields, Anderson's mechanic, probably suffered a fracture of the spine near the base and physicians hold out slim hope of his recovery.

BREAD SIX CENTS; LOAF IN TOLEDO; FLOUR IS HIGH

(ASSOCIATED PRESS TELEGRAM)
Toledo, Sept. 5.—Large baking companies today announced increase of the price of five cent loaves of bread to six cents and ten cent loaves to twelve cents. They give as the reason the new high record cost of flour, \$8.20 a barrel in local markets and the advanced cost of every article they use, even to the waxed paper in which the loaves are wrapped.

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 5.—To the proposal of the entente allies that neutrals accept the principle that all submarines are vessels of war, the United States has despatched a reply which, it is understood, holds to the principle that the characteristics of each individual submersible must govern the case.

GERMANS CLAIM VICTORY OVER A RUMANIAN FORCE

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 5.—The German and Bulgarian army, which is invading eastern Rumania, has carried by storm the fortified advanced positions at the bridgehead to Tutrakan. The war office announced today that the Bulgarians have taken the town of Dobrich.

LOST HEAVILY IN EFFORT TO GAIN LOST TRENCHES

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 5.—Vigorous counterattacks were made by the Germans north of the Somme last night in an effort to regain ground taken in the new drive of the French. The war office announced today that the Germans were repulsed with heavy losses.

The German assaults north of the Somme, were delivered between Combles and Forest. South of the river unsuccessful blows were struck by the Germans east of Belloy. In these operations the French took 100 prisoners. The activities of the French are again being hindered by bad weather, which prevailed all night over the whole Somme front. The French are organizing their newly won ground.

BULGARS CLAIM RUMANIANS WERE DRIVEN BACK

(ASSOCIATED PRESS TELEGRAM)
Lyon, Sept. 5.—The first day's fighting on Rumanian soil due to the invasion of Dobrudja by Bulgarians and Germans, is said by the Bulgarian war office to have resulted in the retreat of the Rumanians, who left hundreds of dead on the field. As previously reported by the German war office, the invaders crossed the entire Dobrudja frontier and occupied towns near the border.

JAPAN GIVES ASSURANCES

(ASSOCIATED PRESS TELEGRAM)
Tokio, Sept. 5.—Japan has officially assured the United States that the alliance recently made by Russia and Japan will not affect the status quo in the far east. The Russo-Japan convention was signed at Petrograd July 3.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Sept. 5.—Joseph Schilax, 19, is dying and a score were less seriously injured here today in a race riot between whites and negroes in a railroad construction camp. Schilax was shot. Police stopped the battle and made numerous arrests.

PROTEST

Against Adamson Bill Will Be Filed With Congress

IGNORES MANY WORKMEN

Claim is Made That Bill Favors 400,000 While Ignoring Rights of 1,500,000—Protest Signed By Thousands is Being Carried to Washington—President Signed Bill Early Sunday

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 5.—Employees of the railroads other than the members of the four brotherhoods, are to make a determined fight upon the Adamson eight hour law, according to Robert T. Frazier, an employee of the Nashville, Chattanooga and St. Louis railroad here today. He claimed to have secured many signatures to a petition to congress protesting against the law.

Mr. Frazier will leave for Pittsburgh today, and following a visit to Philadelphia and New York will go to Washington to present his petition to congress. He claims the new law only affects 400,000 men and ignores 1,500,000 other employees.

PRESIDENT SIGNS BILL

Washington, D. C., September 5.—The Adamson eight-hour day bill, enacted from Congress last week by the railroad brotherhoods as the price of calling off the nationwide strike ordered for tomorrow, was signed by President Wilson Sunday in his private car at the Union Station, where he stopped on his way from Shadow Lawn, N. J., to Hodgenville, Ky. That there may be no question as to the legality of the measure as a result of it having been signed on Sunday, the president will affix his signature again upon his return to Washington next Tuesday.

How long peace shall reign as a result of the bill apparently is dependent upon developments in the proposed to move to test the constitutionality of the act. Should the railroads take no action, but await the beginning of an investigation of the workings of the eight-hour day by the special commission for which the measure provides, the brotherhoods will remain inactive.

The employees' leaders declare, however, that should the law be held unconstitutional and the railroads attempt to restore the 10-hour day on their lines, a strike will follow promptly.

KING DECORATES LAD FOR BRINGING DOWN A ZEPPELIN

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 5.—King George today awarded the Victoria cross to Lieutenant William Lee F. Robinson, of the royal flying corps for bringing down a Zeppelin while the airship was approaching London Saturday night. Robinson had been in the air for more than two hours and previously attacked another airship.

Lieutenant Robinson was 21 years of age in July. He took his pilot's certificate at Farnborough on his twentieth birthday and is considered the keenest youngster in his squadron. Five months ago he said quietly, he had made up his mind to "do a Zeppelin." On several occasions he has taken part in chasing German airships.

AIDS CONDUCTOR TO EJECT YOUTH, MOTORMAN IS CUT

(ASSOCIATED PRESS TELEGRAM)
Toledo, Sept. 5.—Emil Gaffner, motorman, was stabbed, probably fatally, today in a fight with four young men. When they refused to pay fare, the car was stopped and the crew attempted to eject them. A fight followed. A knife was driven deep into the motorman's back as he rolled from the car clinging one of the men. Frank Naparsle and Joe Stein were arrested.

PURCHASE TREATY ENDORSED BY THE SENATE COMMITTEE

Washington, Sept. 5.—The treaty for purchase of the Danish West Indies for \$25,000,000 was ordered favorably reported to the senate today by the foreign relations committee by a unanimous vote of Senators present. It will be reported later today and an effort made to have it ratified before adjournment of congress.

COLE PARDONED BY GOV. WILLIS; SHOT AT BROWN

Governor Willis today pardoned Roy Cole, Licking county prisoner in the Ohio penitentiary serving a 10-year sentence for shooting to kill. He will be released at once. There are certain conditions to the pardon which are not detailed in the brief dispatch to the Advocate which told of the pardon of eight other prisoners.

Cole was sentenced in 1912 on conviction of a charge of shooting with intent to kill. He shot at Frank Brown, present deputy sheriff, who was then an officer on the police force. Brown had been sent to arrest Cole who took refuge in the cellar and when the officer descended to take the man into custody, Cole fired upon him. The case was fought through several trials before final conviction was secured.

Embarrassing Hairs Can Be Quickly Removed

MAKING ICE

IS A VERY SIMPLE PROCESS BUT INTERESTING IN ITS APPLICATION.

Two Plants in Newark Furnish Ample Supply Even in the Hottest Weather.

There are approximately 140 tons of ice made in Newark every day during the heated season, and several weeks ago when a wave of torridity swept the entire country and in numerous cities there were serious ice shortages, there was no sign of one in Newark, and the supply was ample for all needs.

The two plants which furnish Newark's population with ice are the Newark Ice and Cold Storage Company and the Consumers Brewery Company, each having a capacity of 70 tons per day.

The process of making ice is an interesting one, and is based upon the principle of evaporation, the medium used being ammonia. If this product was not so expensive there would be no need of an ice making machine as the only thing required would be quantities of ammonia which could be allowed to evaporate and freeze the water, but by the use of compressors and conductors, the ammonia does the required work and is brought back to its original state and used over and over again just as steam is condensed after performing its work, and goes back to water and is used many times.

The ice is frozen in cans, holding 400 pounds of water each, which are placed among coils of pipe in which ammonia in the form of gas in a boiling off state circulates. The cans and coils are submerged in a tank filled with brine. The gaseous ammonia in the coils is of a very low temperature and absorbs the heat from the water.

This heat is then carried in the ammonia to the compressor which takes up the gas and it is then carried to the condenser. This consists of coils of pipe over which cold water runs, which condenses the gas into liquid ammonia. The heat that has been taken from the water originally, is thus separated from the ammonia and is carried into the sewer. The entire process is simple, but very interesting in its application.

Some people knowing only that ice is frozen by ammonia have said they could taste or smell this substance in the ice. This is pure imagination as it would be literally impossible for the ammonia to get into the water before or after it is frozen. Even if there were leaks in the pipe coils, as far as the ammonia could go would be into the brine, in which the metal tanks containing the water, and are submerged the ammonia coils.

Parochial Schools Open With a Large Attendance Today

The parochial Catholic schools opened today after the summer vacation, with a large enrollment of students. Both in the St. Francis de Sales and the Blessed Sacrament parishes the Dominican sisters are the teachers.

At St. Francis the enrollment in the grades today numbered 425, while the high school has fifty-five students. At the Blessed Sacrament school, 210 were enrolled today. Both schools have the high school.

In connection with the high school work at St. Francis de Sales school an excellent business college is conducted where all the commercial courses can be taken.

UNKNOWN MAN KILLED BY TRAIN NOT FROM NEWARK

Local police late Saturday night were asked to identify the body of an unknown man found along the Baltimore & Ohio tracks, north of Zanesville, Saturday. He had been struck by a train.

The body had been badly mutilated and death evidently was instantaneous. The man was reported to be "William Devol" of this city, due to the initials "W. D." found on his hat band. But police say Devol was seen Saturday night. A number of Buckeye Lake postal cards were found in the clothes.

SCHOOLS NOT OPENED.

Mrs. J. C. Green, 452 North Fourth street, who has been confined to the City Hospital for the past two weeks, was moved to her home in Bazler's ambulance Sunday.

MOTORCYCLE HITS BICYCLE; TWO ARE BADLY INJURED

In complying with the wish of his two-year-old daughter for a ride around the mounds at Moundbuilders park on the handle bars of his bicycle, E. H. Morgan, residing two miles southwest of the city, late Sunday afternoon, was seriously injured in a motorcycle crash.

His wife standing a short distance away watching her husband and child completing the circle, witnessed the accident.

Morgan and the child, according to witnesses to the accident, were riding toward Sixteenth street, closely followed by a motorcycle driven by Morey Bowers, 47 1-2 Hudson avenue. Morgan attempted to pass a buggy and in doing so rode into the path of the motorcycle.

There was a crash of steel as the two machines met and hurled the occupants into the road.

Mrs. Morgan rushed to the side of her husband and child, while Harley Bowen, a companion riding with Bowers gave his attention to the driver of the motorcycle.

Both Morgan and Bowers were rendered unconscious. Bowers suffered a deep gash in the side of his head, but soon recovered consciousness. Bazler's ambulance was called and removed both Morgan and Bowers to their homes.

Mr. Morgan still was unconscious when the ambulance bearing his wife and child with him reached home. Dr. W. B. Nye was summoned and attended his injuries.

Harley Bowen and the Morgan child escaped with a few minor bruises. Bowen says Morgan turned his bicycle suddenly into the course of the motorcycle.

Stranger Didn't Miss Money Until Told of His Loss

A stranger standing at the curb in front of the confectionery stand at Third and Main streets pulled a handkerchief from his hip pocket this morning and out dropped a roll of yellow-back bills the size of a man's wrist. The stranger placed the handkerchief back in his pocket without discovering his loss and was about to walk away when Mrs. Anna Kusmaul, proprietor of the stand, informed him that he had dropped some money. He stopped and picked it up and was profuse in his thanks, remarking that there was over \$700 in the roll. Several men stood in the near vicinity and saw the man drop his money, but they evidently were hypnotized for none of them informed the stranger of his loss.

CHILD FELL INTO TUB OF WATER; BODY SCALDED

Charles Bagent, the four-year-old son of Mr. and Mrs. A. J. Bagent of North Eleventh street, was scalded Saturday afternoon, when he fell in a tub of scalding water.

The tub had been placed on the floor in the kitchen and the child, not seeing it fell in it backwards.

The back, shoulders and legs were painfully burned, but it is not thought the water was hot enough to result seriously.

If Too Fat Get More Fresh Air

Be Moderate in Your Diet and Reduce Your Weight. Take Oil of Kerein.

Lack of fresh air is said weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered, thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of kerein capsules; take one after each meal and one before retiring at night.

BIKE RIDER IS THROWN UNDER AUTO; ESCAPES

For several weeks past, a number of boys who ride bicycles, have been courting a very serious accident, by catching onto automobiles and letting the bicycles coast.

Prevalent has been especially this in Granville street, where a squad of six or seven boys on wheels catch hold of a rapidly moving automobile. It annoys the driver of the auto and confuses him, and if the boy's hold should slip, he would more than likely be caught under the line of vehicles which are constantly on the road as traffic is especially heavy in Granville street.

On Sunday afternoon one of the more daring of the riders, was coasting along beside the automobile when the machine swerved and the boy was thrown under the running board. That he escaped serious injury was miraculous. Efforts are being made to break up this practice.

A dredge built in Holland for the Government of Uruguay crossed the Atlantic Ocean under its own steam.

TO RULE THE WORLD

Russia, Germany and England, Each Hopes That It Will Fail to Its Part.

The great question of world supremacy has been uppermost in the policies of many of the European nations since the days of Julius Caesar. Charles V. and Charles Magnus sought for world rule in their day, and Napoleon almost had the coveted honor within his grasp.

The use of the title "Caesar" by the emperor of Russia today is simply another way of telling the world that this man is the lawful successor to Caesar and as such is entitled to rule the world as Caesar did.

The use of the title "Kaiser" by the emperor of Germany sets forth the same claim, for this is but the Germanized form of the name Caesar. William II would also rule the world.

Ever little Rumania, the first slave of which (Roum) means Rome, holds that its king is entitled to succeed Caesar as his world's ruler, by giving to him the title "Tsar," meaning Caesar.

May we know with any degree of certainty if there will ever again be a world empire with a world king? If so, this kingdom to be Germany, Japan, Russia, the United States or England? The bible prophecy gives the only reliable enlightenment on the issue by hearing Evangelist H. A. Weaver at the Big Tent Wednesday night at 7:30, corner Eleventh and West Main streets. Mr. Metcalf of Akron will sing. ADMISSION FREE.

MARSHAL USES

STICK TO QUELL RIOT; MAN HURT

Associated Press Telegram—Cleveland, Sept. 5.—Thomas Murray, 18, is in a hospital in a serious condition with a fractured skull suffered in a riot on an electric car near Huron last night. Discussion of the boxing bout at Cedar Point started an argument and a free for all fight ensued. It is said Murray, who was innocent of wrongdoing, was injured when the town marshal boarded the car at Huron and began wielding his stick.

FEAR ANOTHER STRIKE WILL STOP NEW YORK CARS

Associated Press Telegram—New York, Sept. 5.—A strike seems imminent today on the elevated and subway lines operated by the Interborough Rapid Transit company in Manhattan and Brooklyn. Officials of the company and representatives of the Amalgamated Association of Street Railway Employees met this morning to consider the demands of the union that the company annul contracts signed by the company several days ago when a strike first threatened. But President Shost's announcement late last night that the company would not grant the union's demands indicated that today's meeting would fail to bring peace.

Labor leaders predicted that a strike would be called within 24 hours if the company refused to make concessions.

The contract which the employees' union wishes to have an-

CHARGE BIGGIN WITH VIOLATION OF LIQUOR LAWS

Chief Inspector Evans of the state liquor license department, assisted by a half dozen state inspectors and Marshal Ed Cooper rider of Hebron, Sunday afternoon raided the William Bergin hotel at Bruno. They swooped down upon a number of guests enjoying a cool bottle, several of whom also had packages which they claimed to have purchased of Lemuel Bergin, manager of the place and a brother of the landlord.

Some bottle beer was confiscated and the names of a number of witnesses were secured to be used in the trial of Lemuel Bergin, against whom affidavits were filed in the court of Mayor A. Atwood of Hebron, before whom the preliminary trial will be held next Tuesday. Mayor Atwood placing Bergin under \$500 bond to appear at that time.

HORSE KILLED AS BUS CRASHES INTO A BUGGY

In the collision that followed the attempt of the Granville street bus to pass another machine in street Saturday morning, the horse and buggy of Grover Pittsford, of the Welsh Hills was hit. The horse was so badly injured it was necessary to shoot it. The buggy was demolished.

"Lefty" Denoon was driving the bus, and just how the accident happened is not known. Mr. Pittsford was thrown from the buggy but escaped serious injury, and the horse was shot shortly after the accident to relieve its misery.

ESTABLISHED IN 1820

Entered as Second Class Matter

Newark, Ohio, under the Act of March
3, 1879.

It is never a good plan to swap horses while crossing a stream of water.—Abraham Lincoln.

Price of Paper.
Frequently the Advocate is asked what causes the high prices of paper? And in the same breath comes the inquiry, when will prices decline?

One-half of the bleached and unbleached sulphite and ground wood pulp used in the manufacture of paper has come from Europe but the great war has cut off the supply from the Russian Empire and the central countries while the same product from Norway and Sweden has materially decreased. And the small amount that is coming from Europe is costing more on account of the higher cost of transportation, insurance and freight.

Canada has placed an embargo on newspaper and the United States has been called upon to supply newspaper for South America which previously received it from Europe.

Europe has been furnishing fifty per cent of the rags used in the United States for paper manufacture and the failure of the "rag crop" has made an increased demand for the cheaper grades of paper like newsprint. The war, the political campaign, the threatened railway strike and other causes have greatly increased the demand for newspapers and though the mills have been working constantly they are unable to keep ahead of the demand and in consequence the prices of paper have kept advancing and newspapers everywhere are threatened with an actual famine.

All articles that go into the manufacture of paper such as dyes, chemicals, felts, paper machinery and every other article have increased anywhere from 50 to 500 per cent as compared with prices paid one year ago. Labor costs at the mills have increased and this is another reason for the advance. Speculative buying and storage of stock are in a measure responsible.

The J. C. Blair company, manufacturing stationers, have investigated conditions carefully and in a bulletin to the trade have expressed the belief that prices will decline only after the European war ends and they say too that while prices may never reach the level of a year or two ago the prices should decline within six months after peace in Europe is established.

The New School Year.

The opening of the school year is a vital date to all children. To many of them it is the one chance to get a foothold in life. Their homes may not be helpful. If they fail to get what the school has to give, their whole life will be spent amid scenes of failure and misery.

The school offers the open door of opportunity to all. If its advantages are grasped to the utmost, a larger life opens. But it is the pathetic fact that many children can't

Daily History Class—Sept. 5.
1774—Colonel George Washington met with the colonial congress at Philadelphia to discuss the military situation.

ASTRONOMICAL EVENTS.
Planets rise, p. m., Venus, Mercury, Mars; a. m., Saturn, Jupiter. Sun on the meridian at Washington at 58 minutes, 27 seconds after 11 o'clock.

It is announced, the difficulty has been removed.
The members of the International Cutters Association in convention assembled have not only abolished suspenders as no longer "stylish" but have announced a solution of the problem referred to above. The Cutters propose the wearing of a girdle of cloth to which the trousers are attached by means of buttons. This invention was exhibited at the convention and is said to have been greeted with enthusiasm, but the published particulars hardly justify similar joy throughout the masculine world. A girdle with buttons might keep the trousers in place more successfully than a belt, but would it not be necessary for the girdle to bind quite as tightly as the belt? So far as the man who objects to tight binding is concerned, it would appear that the problem has not been solved after all, and that the "galluses" of our forefathers are still likely to perform large service.

The Great War.

Since Rumania entered the war the number of the belligerents has been announced as fifteen, including San Marino. But if so unimportant a state as the last named with its total area of only 21 miles is to be counted, surely Albania should not be omitted. An Albanian contingent has been added to the army under many flags on the Macedonian battle front. Albanian soldiers having already disembarked at Saloniki, while the little inoffensive state of San Marino, hedged all round by Italian provinces, is inevitably but only nominally with the allies. Counting both Albania and San Marino, this unparalleled war includes no less than 16 belligerents.

Betting on Baseball.

(Pittsburgh Gazette-Times.)
That learned New Orleans judge who decided that betting on a base ball game was not gambling, for the reason that baseball is not a gambling game, has given a judicial twist to a moot question that will delight the hearts of the enthusiastic fans who are not averse to backing their judgment with their coin, but just how the decision will be received in legal circles and among those who hold to the old-fashioned theory that betting is gambling is not so certain. If the character of the thing about a wager is laid determines the moral and legal status of the act the door is open for some fine spun theories. Under this ruling what is a gambling game? Of course, our national sports of poker and horse racing will immediately present themselves as shining examples. But there are so many fashionable card games these days that are used for gambling purposes and which originated merely as social diversions that poker is really discounted.

To bet on the number of passing street cars or on the chances of successful candidates for office or on a boat race all pass clean under this decision, and yet a raffle at a church fair may be guilty. The only possible explanation of the New Orleans decision is that the judge is a "fan" and has been on the winning side of a half dozen recent games in his neighborhood.

False Pretense.

(Columbus Dispatch.)
The people are fortunate that in President Wilson they have an advocate who can think more rapidly and more correctly than the best of the reactionaries and all their high priced assistants.
The adamant attitude of banded wealth and its railroad presidents, toward the brotherhoods, was apparently planned long ago for the purpose of bringing on a strike in the midst of the presidential campaign. The defeat of Woodrow Wilson. The reason is not far to seek.
Curbed by the federal reserve banking law and angered by an income and inheritance tax, which in higher circles are regarded with abhorrence, it sought the political destruction of the author of these measures. Any law that gives the janitor more protection and somewhat restricts the unnecessary privileges of the front office, is anathema.

As a consequence, when the orators of the reactionaries assail the President's policy as to Mexico, it is the President's policy for mankind that is the canker; his "weak" foreign policy is criticized because the child labor law is disliked; his "vacillation" is exploited when the eight-hour day is the fly in the ointment; his cowardly use of diplomacy is derided because he is bold as a lion for those at home.

It is the old story of the voice of Jacob and the hand of Esau.

Danish West Indies Willing

(Ohio State Journal.)
All three of the Danish West Indies have voted in favor of the sale of the islands to the United States. The reason of their anxiety is not at all a promising one so far as this country is concerned. They want to join us because they are in a deplorable condition, a condition that does not amount to a strong movement to this country to take them into its fold. The last island, Santa Cruz, appealing to the Danish government to sell them to the United States, said: "There is no hope otherwise of rectifying our condition in the future." So the attitude of this nation in taking on these islands is purely altruistic. Didn't we start on as the refuge of the oppressed of all nations, and aren't we keeping it up? When the three islands come into the household give them a welcome, and furnish them with plenty and joy.

Revolution in Greece.
Constantine, King of the Hellenes, must have realized that his position has become untenable, and abdication should be regarded as the only logical course open to him. With half the Greek army disaffected and revolutionary committees in conflict with the troops which have remained loyal, or, more correctly speaking, neutral, the authority of the royal Government was reduced to naught. In the Macedonian region the sovereignty of Greece was practically suspended when the armies of the Entente Powers took possession of Saloniki and advanced their forces to the Serbian and Bulgarian frontiers. The Greek civil authorities were left nominally in control; but where military rule is established the civil power becomes a mere shadow.—Philadelphia Record.

Keeping Clean.
In the matter of keeping the city clean, there is something for everyone to do. There are many persons who keep their eyes squinted so persistently in the direction of their neighbors' premises that they fail to see the needs of their own. The bitterest complaints about other people's dirt are very often by those whose premises couldn't stand very close inspection. It is the old story about seeing the mote in another's eye and neglecting the beam that is in one's own eye. A tin can on the fence of a neighbor is offensive; and, yet, there may be trash, filth, weeds and other accumulations in the back yard of the very person who raises the biggest howl.—Buffalo Times.

LOCAL RUMANIANS DEDICATE FLAGS; GAVE A BANQUET

The Society of Lumina Ziler dedicated their flag Labor Day and also had a very creditable parade. The society is composed of Rumanians and met at their church, German and Poplar streets and after short exercises there, a parade was formed and marched to the grounds of the High school where dedication exercises were carried on.

A number of American and Rumanian flags were carried in the parade and the society made a very creditable showing, nearly one hundred members being in line. There was also a large delegation of out of town visitors who participated in the exercises of the day.

At 3 o'clock in the afternoon a banquet was served in P. China's hall at 136 Jackson street. City officials and newspaper men had been invited and a number accepted the invitation and enjoyed the hospitality of the society.

A number of addresses were made by local Rumanian leaders and also by out of town visitors. Dancing was indulged in and the festivities were enjoyed until the midnight hour. It was a gala day for the Lumina Ziler and will long be remembered by all who participated.

French Cookery.
Down in the Ionian room at the Deslier yesterday we ordered haricots verts nouveaux au beurre, if we remember correctly, but they tasted so much like ordinary green beans that we guess vert must be French for bean.—Ohio State Journal.

Did You Know
That dog-days end today, September 5th? Dog-days or canicular days were named from Sirius, or the dog star, the largest and brightest of all the stars, and which is situated in the mouth of Canis Major. The ancient Egyptians called their dog-days, or Dies Caniculares, which were forty in number, from the heliacal rising of Sirius.

Gregg Family Reunion.
On Thursday, August 21st, nearly one hundred friends and relatives of Mrs. Mary J. Gregg of Vanata had the pleasure of spending the day with her and holding the annual family reunion. It was a great pleasure to Mrs. Gregg to have with her this year her daughter, Mrs. Melvin Wright of Los Angeles, California, making the first time for six years the eight children had all been together.

After having a social good time in the forenoon, and a splendid dinner at the noon hour, a short business session was held and the following officers elected for the ensuing year: President, Thomas J. Gregg, DeGraff, O.; vice president, John C. Gregg, Vanata; secretary, Vernon Miller, Jackson, town; committees for recitations, Elsie Hobbs of Utica, and Leola Wolfe of Chatham, Musk; Mrs. Mabel Manton of Clay Lake; athletics, Earl Gregg of Vanata.

A number of good recitations were given and good music rendered. The literary program which followed the business session was most interesting and thoroughly enjoyed by all.

The reunion will meet at Mount-builders' Park on the last Saturday in August, 1917.

Miss Mary Keeley was the honor guest at a pretty evening party given Monday, by Miss Mary Gandy at her home in Hudson Avenue. Beauty in Laughs.
The woman with a keen sense of humor is not only a pleasure to her friends, but she is an endless source of amusements for herself.

Study the children on the beach or in the nursery, and hear their mad shouts of delight over a scrap of nonsense. Children have more humor in their hearts than we grown ups, but as they develop into maturity the humor is stifled by repressing guardians who tell them not to be "foolish."

A good laugh is worth more than a tonic, and you cultivate the spirit of laughter until it peals forth from the very depths of you and bursts forth in a merry peal. Laugh until the tears gather in your eyes, and then look at yourself in the mirror. A glow of rosy cheeks has gathered in your cheeks, your eyes sparkle with the spirit of youth, and your mouth curls in the abandon of delight. Laugh and rejoice and your beauty will take care of itself.

How often we hear women groan about being slaves to housework. Each day they take up their brooms and dusters with this depressing point of view, and each night they retire more convinced than ever that housework is the greatest drudgery in the world.

Start the day right. You cannot be happy in a slovenly wrapper with your hair at angles and angry. Don a chic little house dress of gingham, and brush your hair becomingly, and you would try to attend a meeting. Then with your broom and duster and a light heart, begin your work, with a song. Glance at yourself occasionally in the mirror. Notice the color that has beautified your cheeks since you beat the rugs in the crisp air. Note the brilliancy of your eyes, fired with ambition and happiness. Don't be a sullen slave who drags herself around the house with a long face and a bad temper.

Mayor Coughlin called a meeting of the council Saturday evening at six o'clock to determine what should be done in the controversy with the Ohio Electric company. This company with commendable economy was preparing to use the old rails at the east end of the street, and to use only gravel on its road bed, claiming that their contract allowed them to use the same material as that which joined it. The council protested in vain, and other measures failing, voted almost unanimously to abolish the park in the east end. The representatives of the O. E. C. company present at the meeting expressed their displeasure.

Columbus Sunday papers contained accounts of the honor conferred upon Prof. Frank Ray, head of the school of mines of Ohio State university, who has his residence near Granville on the Newark road. Recognized as one of the great coal experts of the United States, Prof. Ray heads a party of chemists, steel men and capitalists who are to sail from New York on September 16 to examine anthracite coal beds in the Donetz river region of southern Russia.

Mrs. Willis A. Chamberlain returned Saturday night from a fortnight's visit in Illinois. Mrs. A. M. Brumback has moved into the Carl Page Wood cottage in Park Drive, purchased during the summer, and Prof. and Mrs. Karl Eshman have moved into the Biggs cottage in Burg street. One load of their furniture, however, came to grief with the overturning of the wagon. The greatest loss was the smashing of the professor's typewriter, although much canned fruit and other small articles were destroyed.

Mr. Claude Hamilton Smith, ex '17, of Roseville, was a week-end visitor in Granville.

Miss Alma Brumback who has accepted a fine position in the public schools in Bowling Green, left today to assume her duties.

Mrs. C. E. Stanton, who has spent the past month with her parents at Avonia, Pa., on Lake Erie, has returned to her home in East Broadway.

Russell Williams, '14, and Gloyd Stankard, '16, have been week-end visitors at their old headquarters, the Beta house. Both men have positions with the Delco company in Dayton.

Miss Judith Nichol, who went east in June for her uncle and aunt, Rev. and Mrs. T. G. Heide, has returned for the public school opening on Tuesday. Mr. and Mrs. Field are delayed by the serious illness of Mr. Field's brother.

"How many students have you in the university?" "We do not count our students, we weigh them," was the quick retort. (For the truth of this statement see Prof. C. L. Williams.)

Mr. and Mrs. Irving Drew of Portsmouth, with their daughter, motored to Granville last week for a few days' stay at the Buxton house. Mr. Drew's family at one time were residents of the village, and he keeps in touch with affairs here.

Mr. and Mrs. A. E. Gunther and little son, who motored down from Cleveland for a week-end visit with their parents, Mr. and Mrs. John Buckland, left today for the return trip.

Rev. and Mrs. H. Bawden will celebrate their golden wedding anniversary this evening at their home in West Broadway.

Has Saved Twice as Much as Neal Treatment Cost Him

"The Neal Treatment made a clean cut in my case. I have not tasted liquor since I left you. I have been in saloons time and again on business, but did not want it, and I do not want it, and I do not want it for all time to come. I have had more enjoyment in the last year than in the ten preceding years. I have saved twenty as much as I paid for the treatment, which is a Godsend to any unfortunate drinker."

This is an extract from a letter of a workman who left the Neal Institute about a year ago—entirely freed from all desire for drink. Three days of the Neal Treatment knocked out appetite for everything alcoholic. It is a good investment for any drinker.

The Neal Treatment is a vegetable remedy, taken internally, which neutralizes and eliminates all the alcoholic poison from the system, leaving the patient, as far as liquor is concerned, in the same condition he was in before he ever took a drink.

Go to the Neal Institute. Investigate the work going on. Send for booklet, "The Neal Way." Address the Neal Institute, 1320 Main St., Columbus, Ohio. Phone East 860. Other Neal Institutes located at Cleveland, Cincinnati and Pittsburgh.

Our Boys and Girls

I once saw a young mother take up her baby and run frantically when she heard a child cough with whooping cough. An elderly woman who was sitting near her called out: "Don't run; your baby has to get it some time, and this is as good as any."

This seems to be a rather common belief among some mothers, but it is the most absurd one I have ever heard. The idea that the diseases common to children, such as measles, mumps, whooping cough, etc., are necessary is all wrong. The wise mother guards her child from them all.

Every time your child contracts any kind of a disease the power of resistance is lessened for the next stray germ that comes his way. Guard against them all, for you are very lucky and fortunate if you escape. I have known of the most serious results from the so-called "necessary" children's diseases.

Whooping cough has turned into pneumonia without much warning and with disastrous results. Measles most always comes first with a cold. A cough usually accompanies this, with watering eyes and nose. The eruption comes a little later, usually in four days, and consists of small red spots appearing first on the neck, chest and face and slowly spreading over the entire body.

Mrs. Edith W. Pierce is the only woman in Philadelphia who possesses a police badge. Her official position is that of City Inspector of Street Cleaning, and her duties are to enforce the co-operation of housekeepers and children in helping to maintain the streets in a sanitary condition.

How Famous Actresses Banish Superfluous Hair

Betty Lorraine, the popular actress who won fame in "The Little Parisienne" and other comedies, writes: "Theatrical women are now using a remarkable prescription that acts like magic in curing all trace of unsightly hair growth. It is Mrs. Osgood's Wonder. Unlike the electric needle, it can be used with perfect safety. Unlike evil-smelling depilatories, it doesn't burn the skin. I used it first over a year ago and have not had a trace of superfluous hair since. Mrs. Osgood's Wonder is quite inexpensive and is sold by Dr. J. Evans and other up-to-date drug stores. Signed Money Back Guarantee in every package."

World's Cradles.
Thirty-six million babies are born into the world each year, about seventy a minute, or more than one every second, says a statistician. Place each baby in a cradle ranged in a line, and the cradles would circle the globe. Let the babies be carried in their mothers' arms past a given point, the procession being kept up night and day, and at the end of a year only about one-sixth of the infantile host would have gone by, and this although they passed at the rate of twelve a minute. The babe that had to be carried when the tramp began would be able to walk when a mere fraction of its comrades had reached the reviewer's post, and when the year's supply of babies was drawing to a close there would be a rear guard not of infants, but of romping six-year-old boys and girls.

ALLIES ARREST TEUTON AGENTS, GREEKS PROTEST
(ASSOCIATED PRESS TELEGRAM)
Athens, Sept. 4, via London, Sept. 5.—Veritable street battles in which thus far three persons have been wounded are accompanying the arrest by Anglo-French secret police of alleged Teutonic agents in Greece. The secret police are operating on their own account, not waiting for action by the Greek government to carry out the terms of the Anglo-French demands, which included the expulsion of Baron von Sebenk and sixty co-workers in behalf of the central powers.
Premier Zaimis made a vigorous protest today to the Anglo-French ministers to Greece regarding the occurrence.

MORGAN LEAVES GOLD BARS WITH ASSAY OFFICE
(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 5.—Gold bars, valued at between \$22,000,000 and \$25,000,000 were deposited at the assay office Sunday and yesterday by J. P. Morgan & Co. It was learned today. The gold came from Canada, and, according to report, arrived at Halifax recently under convoy of British warships. Canada's gold shipments to this country for the present movement now exceeds \$250,000,000.

The Courts
On a partition suit the Jones homestead on Indiana street was sold Saturday at sheriff's sale. The land consists of seven acres. It was sold to James K. Hamill for \$14,050. In the same sale seven lots were sold to Robert Howard for \$26,500.
Attorneys Martin and Martin acting for William Stapleton as executor for the estate of the late Mary Ann Kane sold some Newark property to Phillip Brooks for \$2300 the appraised value.
Justice Scott's Court.
Forest N. Reed, residing four miles northwest of Johnstown, is charged in an affidavit subscribed to by Stephen Sankey with an attempt to break into the latter's home on June 3. Reed waited examination before Justice Fletcher S. Scott today and was remanded to the grand jury in the sum of \$100.
Granted Divorce.
Ettie Smedley was granted a divorce today in probate court from Bronley J. Smedley, on the grounds named in her petition.
Counted the Money.
The county commissioners yesterday counted and checked the cash in the county treasury. It being taxes collected for the June settlement. They found \$239.25 in currency. Checks and money in banks brought the amount up to \$386,030.89, the amount which this county now has to its credit.

Alhambra.
Alice Brady, fresh from her great personal triumph in "La Vie de Bohème," will be the attraction at the Alhambra theatre on tonight when another distinctive World Film feature, "Miss Petticoats," will be shown on the screen. As in her former, velvety, Miss Brady scores another hit, and this picture, when shown to a private audience of New York exhibitors, was pronounced Miss Brady's most remarkable characterization.

The Gem.
"The Gilded Spider" is a story of a private vendetta written by Ida May Park and produced by the Bluebird Photoplays, with a typical cast headed by the "prettiest woman on the screen," Louise Lovely, who more than lives up to her name, and that master of character delineations, Lon Chaney. The tale presents a series of ingeniously contrived sensations that will make this screen play distinctive.

The Auditorium.
Viola Dana, the youngest and daintiest of the truly great stars of the screen, will make her debut on the Metro program here at the Auditorium today. "The Flower of No Man's Land," a five part Metro-Columbia wonderplay. This feature was written and directed by John H. Collins, who produced at Miss Dana's features for Edison, when she was starting with that company.

This feature together with Billie Burke, in "Gloria's Romance," makes up a double feature program. "The Fall of a Nation" is sure to stir patriotic enthusiasm when presented for the first time here tomorrow and Thursday at the Auditorium. In New York and Chicago the great spectacle was the mecca of many thousands of patriotic Americans who cheered the big scenesto the echo. The story is of an imaginary

graph Blue Ribbon Feature is a fitting vehicle for the clever little actress, Lillian Walker. Miss Walker is supported by Evert Overton and a strong cast of Vitagraph players.

In the title role, Miss Walker's work stands distinctly as that of a finished artist.

In this production, Miss Walker does some of her best work while Evert Overton plays his part with that distinct mester-touch which has already acquired for his popularity in the motion picture world.

This picture will be shown at the Mazda tonight only.

"The Suspect" the new dramatic masterpiece in which Miss Anita Stewart plays the leading role, as Sophie a Nihilistic spy, is a feature offered at the Mazda, Wednesday only.

In no photodramatic production dealing with Russia, has the grimness of the Arctic Empire been brought out with such power as in this story, which has been transferred from the manuscript to the screen under the direction of S. Rankin Drew.

GO TO THE RESCUE

Don't Wait 'Till It's Too Late—Follow the Example of a Newark Citizen.

Rescue the aching back. If it keeps aching, trouble may come.

Often it indicates kidney weakness. If you neglect the kidneys' warning.

Look out for urinary disorders. This Newark woman will show you how to go to the rescue.

Mrs. Gartner, 131 South Second street, Newark, says, "I had trouble with my back. I couldn't sweep or do washing or ironing without suffering severely from dull pains across my loins. I often had to sit down, leaving everything undone. I got Doan's Kidney Pills at Evan's Drug Store and had benefit from the first. A few more boxes completely cured me."

"No Man's Land," Auditorium, Tuesday Only.

Invasion of the United States by a foreign power. After the defeat of our puny army and the subsequent usurpation of authority at Washington the women of the country come to the rescue and by means of a secret, oath-bound conspiracy contrive to expel the invaders. Seats now selling for all displays. Matinee all seats 25c. Nights 25, 35 and 50c.

When Neil O'Brien's Minstrels are seen at the Auditorium, next Tuesday, Sept. 12, it will be found that a very novel "first part" setting has been provided by Manager Oscar F. Hodge. Instead of the usual tin foil scenery the stage is fitted up to represent a gigantic bon bon box.

This effect is given through the use of a pretty shade of cretonne and will be particularly effective when viewed by feminine eyes. All of the features of the programme are new this season. Among these are "The Jitney Joy Bus," a sketch written and played by Neil O'Brien himself in which he impersonates a new chauffeur, who is having his first experience as the driver of a jitney. There is a big song and dance number called "The Ebony Yacht Club" and a new one act play "The Bold, Brave, Black and Tan," which was written by George M. Cohan. This playlet deals with the present troubles with Mexico and is said to be humorous to a degree. This attraction is now at the Opera House, Cleveland and the press of that city praise it highly.

Billie Burke, popular screen actress will be seen for the last time at the Auditorium today, in Chapter Fourteen of "Gloria's Romance."

Readers' Viewpoint

Tribute to Mr. Willard.

Editor of The Advocate: In the issue of The Advocate of September second, regarding President Willard to the men in his employ, I think it covered more ground in this great railroad trouble than any article that I have read.

President Willard has been fair all through this trouble, for I have watched it very close, and in my opinion, he has always been fair to the men. In the future, I hope the men will be fair to him.

The best part of my life time, was spent in the railroad service, and I am now retired, and don't ever expect to go in service again. I have no mercenary purposes in writing this article, but I think this credit is due to Daniel Willard, President of the B. & O. R. R.

Hoping for President Willard's successful management of the B. & O. R. R. and the co-operation of his men, I remain,

Respectfully yours,

"OLD TIMER."

SAYS HIS DAUGHTER IS WELL AND STRONG

A Prominent Zanesville, Ohio, Man Tells What Tono-Nerve Did For His Daughter.

My daughter has been sick for the past three years. We had given up hope for her ever enjoying a well day again. She was a nervous wreck, she could not sleep at nights, her nerves were shattered, had no appetite and could not eat, for everything hurt her stomach. She had no ambition and seemed not to care what happened. We had tried nearly everything, but got no results. I read about Tono-Nerve and decided to try it. She took it according to directions and after taking three bottles, I can truthfully say that she is better in every respect. She is like another person, she takes interest in things, she can sleep all night long, she has a good appetite and everything seems to agree with her. S. C. Wyroff, 125 Park St., Zanesville, Ohio.

If you are still skeptical about Tono-Nerve, write this gentleman, he will be willing to verify this statement.

It does this by cutting out all the tap, tap, tap, and fumble and fuss in setting the carriage. No matter where the line begins, the carriage practically sets itself. All the operator does is WRITE.

The Self Starter is a Remington feature exclusively. No other typewriter has it—or anything like it.

Creating Credit

Your credit is simply that part of public opinion that is directed toward your money habits. If the merchants and business men of Newark know that you always pay your bills promptly, you have credit. If they do not know it, you have none.

It is possible to go on, year after year, paying cash for everything, always remitting promptly, yet not building credit or being known as a good customer.

However, if you pay by CHECK, every purchase is traced to you. When the merchants know you buy well and pay well, you will have credit. Why not pay by a check on the Franklin National Bank? Begin NOW.

LOST HARD BATTLE FOR CHAMPIONSHIP OF COLUMBUS AMATEUR BASEBALL ASSOCIATION

FITZSIMMONS BASEBALL CLUB.

This club lost a series of three games Sunday and Monday to the Panhandles, pennant winners in the Saturday Afternoon League. The winners will represent Columbus in the games at Cleveland for the National Amateur Championship. The above picture from left to right are the following players: Ross and Beene, catchers; Winters, Simpson and Nutter, outfielders; Carr, utility; Purcell, Ashley, infielders; Orndorff, pitcher; McCarty, utility outfielder; Boole, infielder; Koonitz, pitcher. Sitting, Captain Mauger, infielder; James Fitzsimmons, owner of club; Ed Schamp, manager.

NEWARK OUT OF CONTEST FOR HONORS

FITZSIMMONS TEAM WINS BUT ONE GAME OF THREE FROM THE PANHANDLES.

Errors Too Numerous Behind Newark Pitchers—Ross Suffered Injury to Finger in First Game.

By winning the first game of Monday's doubleheader, 3 to 0, the Panhandles of the Saturday Afternoon League took the city title from the Fitzsimmons team of Newark. The second game, the third of the series, went to the Linking County team, 6 to 3. The Panhandles will represent Columbus in the National Amateur Baseball Federation series for the national title. The Cleveland champions are to be met in the first round.

From the start it was seen that the opener would be a pitcher's duel between Lanson and Koonitz. Though but four hits were registered off Lanson, the visitor appeared to be better in many respects. Some of the eight hits taken off him could have been handled, while he gave but one pass and fanned nine. Errors at critical times also made the way easy for the railroaders.

Play in the second game, which went only seven innings by agreement, was not so close nor interesting.

In fact the game was more of a friendly affair between the teams and the spectators, about 1500 of them, had their fun with Beene, catcher for the visitors, Beene's errors, it will be remembered, was one of the potent factors in Sunday's win for the Panhandles.

BUCKEYE LAKE PARK ENTERTAINED MANY THOUSANDS

Thousands were attracted to Buckeye Lake Park Labor Day on account of the park attractions and the regatta of the Buckeye Lake Yacht Club. The day was ideal for racing on the water and the different events were more than exciting. At the yacht club the flag raising took place at 10:00 o'clock in the presence of a large concourse of people. The preparatory gun was fired at 10:15 and boat owners who had entered for the races began getting out upon the water. The first race was called at 10:30 and the last one took place at 4:00 o'clock. The judges of events were Ed. S. Browne, F. C. Ferris, W. C. Wells, Frank Cherry, C. M. Shrigley and C. E. Rooten. Following are the races and the winners, prizes being awarded for each event:

First cut boat race.—First, Wooglin, Cornell; second, Dancing Sally; third, Brown; Newark; third, Windward; Sackett; fourth, Mary L. Fast. Second cut boat race.—First, Wooglin, Cornell; second, Dancing Sally; Ed Brown; third, Mary L. Fast; fourth, Colleen, Carroll.

Cat boat race, lady skippers.—First, Wooglin, Mrs. Cornell; second, Dancing Sally, Miss Virginia Browne; Newark; third, Mary L. Miss Grace Doyle; fourth, Windward, Mrs. Sackett; fifth, Hattie H. Miss Hughes; sixth, Whistle Wing, Mrs. J. C. Miller.

Single cylinder power boat.—First, El Capitan, Wm. Becker; second, Kil Gas, Osborne; third, Thistle, J. C. Ball.

Two cylinder power boats.—First, Venice, Ed Kelly; second, Hornet, Ray Davis; third, Hazel Louise, Robert Danison.

Four cylinder power boat.—First, Gee Whiz, Carl Simms; second, Kenos, Zimmer; third, Yetta IV, Corrodi; fourth, Gypsy, Williams.

Speed boat race.—First, Aprisa, Halbrook; second, Wild Cat, Gibney; third, Gee Whiz, Simms.

Swimming race.—First, H. Corrodi; second, C. Myers; third, Chas. Allen, Newark.

Free for all power boats, 12 entries.—First, Venice, Kelly; second, Kil Gas, Osborne; third, Hornet, Davis; fourth, Kenos, Zimmer.

Canoes tilting.—This proved to be fine sport. Corrodi and Thurman won three out of five from Haggarty and Lilly. Naugabam and Ryan then won from Corrodi and Thurman three out of five.

Canoes race.—First, Corrodi and Thurman, second, Allen and Mayer.

In the evening a motor boat was awarded by the yacht club, numbers having been given those who purchased tickets of admission to the club grounds for the regatta. Ed. S. Browne proved to be the fortunate possessor of ticket 233, the one which drew the boat and he was presented with a handsome 20-foot, two-cylinder, six-horsepower speeder. Mr. Browne has been a sail boat enthusiast for a number of years and has very seldom taken a motor spin upon the water. He does not know what to do with his new possession and in all probability will dispose of it before the lake closes for the season.

Messrs. Defenbaugh and Fisher had their hands full yesterday looking after the comfort of park patrons. The dance halls did a thriving business and the boat line was crowded to capacity. The season has been an excellent one at the park and the management is pleased at the patronage which has been accorded all concessions of the lake.

The park will remain open until October 1, and as the fishing is excellent and duck hunting season at hand no doubt the park will continue to do a good business until the closing date.

On Thursday evening there will be a harvest moon carnival and September festival dance. It is to be in the nature of a real old fashioned New England jollification with old time tunes and dances. The management has promised square dances with old time fiddlers, special music, extra features, extra decorations and liberal prizes. There is to be a grand cavalcade at 10:00 p. m.

Hon. W. D. Fulton, Democratic candidate for secretary of state, who will be in attendance at the Democratic state convention at Columbus Thursday has promised to invite a number of prominent Democrats and state officials to be present at the park Thursday evening to give Manager Emmett Defenbaugh a farewell.

Mr. Defenbaugh was former state fire marshal under the Cox administration and was one of the best known men in public life, as well as one of the best officials. No doubt many of his friends will be present to say farewell for the season of 1916.

Little Ruth Ludwig, daughter of Mrs. Atha Ludwig of Elmwood avenue, was a special attraction at the dancing pavilion yesterday, having been secured by the management after her initial appearance there on kiddies' picnic day. Little Ruth, who is only eight years old, is said to be one of the best child dancers in the country and a number of professional people from Columbus who were at the park yesterday and witnessed her dance, stated that her equal would be hard to find. Her mother has received several tempting offers to place the little girl in vaudeville. She gave a number of exhibitions of fancy dancing, having special costumes for same.

LABOR

(Continued from Page 1)
ed and the cool shade under the trees was an ideal place for such an event.

The two Buckeye bands, massed and played several selections and the augmented Buckeye band of thirty six pieces gave a splendid concert, in fact their music helped make the day enjoyable for everyone. After dinner there were a number of contests consisting of boys', girls', tennis and bicycle races. Cash prizes were given in all events.

Shortly before 2 o'clock, the speaker of the day, Hon. John O'Neill of Columbus, a member of the Iron Molders union and district business agent of that organi-

zation, was introduced by Wm. M. Morgan in a neat and pleasing manner. Mr. O'Neill, who is a forceful orator, spoke from an automobile and held his large audience during the discourse. He dwelt at length on organized labor and spoke principally from the business side of the question. He also told of the splendid results which had been achieved as a result of the Workmen's Compensation law, favoring the compulsory feature of the measure which has brought relief to hundreds of suffering families over the state as well as to hundreds of widows and orphans who have been bereaved of the bread winner of the family. At the conclusion of the address the speaker was loudly applauded.

Next on the program was the matinee races and they proved a very entertaining feature. There was some close finishes and the sport proved very exciting. Frank B. Dudgeon, J. W. Hankinson and C. L. Smith acted as judges and Paul Wareham was the starter. Following are the summaries:

Class A, pace, one-half mile:
Topsy, O. C. (Carnell) 1 1
Baby Lane, (Colville) 2 2
Cuban Bird, (Reiter) 3 3
Murray Clay, (Warrington) 4 4

Time—1:06, 1:07.
Class A, trot, one-half mile:
Stranger Wilkes, (H. Rowe) 1 1
Dandy Jim, (Kilpatrick) 2 2

Time—1:16, 1:18.
Class B, pace, one-half mile:
Daisy O'Connor, (Carnell) 1 1
Lucio, (Lauke) 2 2
Martha F. (Fitzsimmons) 3 3
Major F. (Farber) 4 4

Time—1:12, 1:09, 1:09, 1:09.
Class B, trot, one-half mile:
Cammie Todd, (Rowe) 1 1
Dolly Y. (Young) 2 2
Baby S. (Simpson) 3 3
Lady Ellen, (Bullock) 4 4

Time—1:17, 1:14, 1:15, 1:15.
The races concluded the afternoon program and the dancing pavilion was the chief center of attraction thereafter and continued to operate until late in the evening. Many present remained in the park for a picnic supper. The concessions all did a splendid business and the committee in charge of the celebration with Frank Verheyen as chairman, is deserving of a great deal of credit for the success of the same.

HAIR HINTS

Worthy the Attention of Everyone
Who Would Avoid Dandruff,
Itching Scalp, Gray Hairs
and Baldness.

"What will stop my hair coming out?" Reply: Parisian Sage is the best remedy to prevent baldness, grayness and dandruff.

"Before going to bed, I always rub a little Parisian Sage into my scalp," says a woman whose luxurious, soft and fluffy hair is greatly admired. This stops itching scalp, keeps the hair from falling out and makes it easy to dress attractively.

Beautiful, soft, glossy, healthy hair for those who use Parisian Sage. You can get a bottle of this inexpensive French hair dressing from W. A. Erman and druggists everywhere, with guarantee of satisfaction, or money refunded.—Advertisement.

STRIKE BREAKERS RIOT ON TRAIN; ONE IS KILLED

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Sept. 5.—Two men were arraigned in police court today charged with murder, and a score of others on charges of rioting as a result of a gun fight on a New York Central passenger train carrying several hundred men said to be strike breakers being returned from eastern cities to Chicago and St. Louis.

Trouble which had been brewing between the Chicago and St. Louis men came to a head, according to the police when two St. Louis men went to the Chicago car for a drink of water. Many shots were fired and a man known as "Curley" was shot and his body thrown beneath the wheels. At the east 105th street station the occupants of the cars went out on the tracks and fired several volleys from revolvers.

The train was stopped later and surrounded by police who took a score of men to police headquarters. Charles Boyd and Edward J. Brennan of St. Louis are charged with the killing of "Curley."

Closing Chapters of Turkish History Now Being Written

"The part which the Turkish empire plays in the world tragedy being staged in Europe is the part which has been foretold by at least three plain Bible prophecies, the last of which will be that the seat of Turkish government will be transferred to Jerusalem where the last desperate stand will be made involving not only the belligerent nations now acting, but all nations of earth in the great battle of Armageddon, contemporary with which the coming of the Lord will take place and all earthly governments will be literally destroyed," said Evangelist H. A. Weaver, Sunday night in his opening address at the big tent meetings Eleventh and West Main streets. His topic was "The Great War in the Light of the Eastern Question and Bible Prophecy."

He asserted that the significance of the conflict, from the Bible reader's standpoint was made very plain the day that Turkey became one of the contestants, and, after all, the war simply indicates the closing chapters in the history of the Turk, "the sick man of the east."

"Under the symbol of the king of the north," he said, "Turkey is brought to view in the prophecy of Daniel, as follows: 'And he shall plant the tabernacles of his palace between the seas in the glorious holy mountain, yet he shall come to his end and none shall help him. And at that time shall Michael stand up, the great prince which standeth for the children of thy people, and there shall be a time of trouble such as never was since there was a nation. * * *'

"This means that the seat of Turkish government, now located at Constantinople, will, as a direct or indirect result of this war, be removed and finally located at Jerusalem (which is between the Mediterranean and Dead seas on Mount Zion, and called by Turkish tradition, El Khud, the holy); Russia will finally secure Constantinople, which has been her ambition since the days of Peter the Great, and all the nations of the earth will be at war. There will be no one to help the Turk, as heretofore England, Germany and others have done. He will make his last stand, but in vain. This will be the signal for the standing up of Michael, that is, the beginning of reign of Christ. The resurrection will take place and all earthly governments will forever be at an end. 'The kingdoms of this world' will then have become 'the kingdoms of our Lord and of His Christ.'

The evangelist made a solemn appeal to the audience to place themselves in relationship to Christ, in view of being among those who will meet the Lord in peace at that time. The subject announced for tonight is "What is Armageddon, and Where Will It Be Fought?"
